

Vidyo for Education

A fully interactive, online video collaboration system for teachers, learners and administrators.

Solution Overview

Vidyo™ allows private and public schools, colleges and universities to easily deploy face to face learning environments.

With Vidyo, students and faculty can use every day mobile, tablet, desktop or room based devices and a simple Internet connection to participate in a virtual learning experience.

Results

- Higher Student Satisfaction Scores
- Reduced Absences
- Increased Student Base
- Optimized Faculty Time
- Reduced Facility Footprint

Use Cases

- Online Schools & Programmes
- Education Crisis & Continuity Planning
- Virtualised & Multi Location Campuses
- Online MBA Programmes
- Remote Learning Environments
- Hybrid Virtual & In-Class Programmes
- Part-Time Programmes
